Art Unit: 1714

The amendment received 18 January 2006 has been made of record. Claims 1-46, 48 and 50-52 are pending.

Claims 46, 48, 51 and 52 are rejected under 35 U.S.C. 102(b) as being anticipated by Prest, Jr.

This rejection is maintained substantially as set forth in the previous office action. Applicants have alleged that the articles of the reference are not "free of visible particulate impurities". Applicants need demonstrate by factual data in affidavit form that the articles of the reference do not meet the newly added limitation.

Claims 1-45 and 50 are allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
